The OB/GYN Group of Austin

The OB/GYN Group of Austin welcomes Jane E. Braunstein, MD as the newest associate to our Central Austin practice.

AUSTIN – October 2008 – Jane E. Braunstein, MD, Board Certified by the American Board of Obstetrics and Gynecology, is the newest associate to join The OB/GYN Group of Austin and is now accepting new patients. Dr. Patrick D. Nunnally, president of the group practice since 1995, states, “We are certainly pleased to have Dr. Jane Braunstein join our Austin practice. She shares our philosophy of providing expert care while building strong, trustworthy relationships with our patients.”

Dr. Braunstein received her Bachelor of Science degree from Texas Christian University in Fort Worth in 1989. She received her medical degree from Texas Tech University Health Science Center in Lubbock in 1993. She is a member of the American Medical Association, the Texas Medical Association, the American College of Obstetrics and Gynecology and the Travis County Medical Society.

Dr. Braunstein works with women of all ages, handling pregnancy care as well as all aspects of gynecology. Her personal interests include traveling, skiing, art, music and sports.

About The OB/GYN Group of Austin

The OB/GYN Group of Austin, formerly known as Drs. Des Rosiers & Wernecke, Associates, was established in 1965. The name was changed in October of 2008 to reflect its growing clientele and longtime service to Austin women. Today it has a staff of nine renowned, board certified Ob/Gyn physicians, a nurse midwife, nurse practitioner and a skilled business office. The group is committed to providing Austin women with premier expertise in obstetrics and gynecology, including pregnancy care and management and routine wellness exams. This long established group practice offers the most advanced, state-of-the-art technology, with many services available in-office, including lab work, bone density testing and digital mammography.
